

Light It Up.

BluemediTM is the top choice for your indoor or outdoor light box graphics. Why? The digital print quality is unsurpassed, and we offer an endless combination of solutions. We have the capability of producing stunning backlit graphics up to 10 feet wide. Each one is durable and long lasting, and diffuses light evenly while maintaining rich, vibrant, full color. Whether you need interchangeable backlit film, or permanent adhesive-back decals—in standard or high resolution—our backlit solutions cover them all. We offer 4 varieties of film to suit your particular application, and we're always happy to provide professional installation. At bluemedi, you always options.
