

Graphics Submission Guidelines

Accepted File Formats

.ai .eps .tiff .psd .pdf (press quality) .indd (all packaged files included)

Color Space

For accurate color reproduction CMYK is preferred.

Image Resolution | PPI = Pixels Per Inch

Banners - All raster images should be no less than 72 PPI and no more than 100 PPI at actual size.

Vehicles/Wall Graphics/Window Graphics - All raster images should be no less than 50 PPI and no more than 72 PPI at actual size.

Signs - All raster images should be no less than 150 PPI and no more than 200 PPI at actual size.

Client Provided Proofs

All graphic files submitted should include a low-resolution PDF content proof of the artwork.

File Submission

Files can be submitted via CD, DVD, thumb drive, or FTP.

FTP Instructions

- 1 Go to the bluemia Client Hub.
<http://bluemia.com/client-hub/>
- 2 Fill out the FTP form fields.
- 3 Submit!
- 4 You will receive an email confirmation once your files have been successfully uploaded.
